The MALEM Objectives are:

MALEM

- To support and enhance emergency management in the State of Maine by representing emergency management at the municipal and county level of government;
- To promote emergency management program standards in the State of Maine;
- To encourage sound legislation supporting mitigation, preparedness, response and recovery issues in the State of Maine;
- To promote effective coordination between local and State emergency management programs;
- To represent local emergency management entities before the State legislature.
- To promote active, effective, and adequately funded local emergency management programs.

- To strengthen the proficiency and knowledge of local Emergency Managers.
- To promote more integration of emergency management planning into local policy making.
